We may want to wait until we get a response back from Allison on the language to answer any questions.

Tamue,

Just a quick follow-up. It is important to contact the SACC members and ad hoc reviewers to confirm the May meeting dates as soon as possible. I believe Sharlene was working on this prior to the change in assignments.

Please let us know the status.

Thanks again.

Steve

Thanks Diana. I believe Tamue will be reaching out to the SACC members to confirm/re-confirm their availability for the May meeting dates (the question from Dr. Anderson I've highlighted below). Other members have had this same question.

Thanks again.

Steve

FYI. Please see Henry Anderson's comments regarding postponing asbestos review below. Thanks.

Diana

Diana, thanks so much for making many of our lives a little less frantic.

Perhaps EPA will now have the time to add the legacy asbestos issues so there is only one asbestos assessment.

Any word on the May dates we were asked to hold?

Andy
